Foreword

Schwenksville High School can be compared to a corporation. The school is a prosperous enterprise that is growing and expanding its facilities. Its main goal is to supply the market with quality products.

Through careful organization, S.H.S., Inc. has advanced in many ways. The Board of Directors wisely allocates its resources of knowledge to help the business to prosper. By means of research in many areas, the students themselves enrich their own minds. Clubs and other extra-curricular activities are used for specializing in areas not emphasized during regular class sessions.

Underclassmen who enter the halls of this school may feel inexperienced and apprehensive about the future. Just as raw materials must be processed and refined till the product reaches its finished state, so the newcomers must adjust to the change from elementary to high school life.

Companies that are interested in dealing with competitors and other businesses have capable men to represent them. Fellows and girls in a variety of uniforms alternate throughout the year in this important position at our school.

Employees are interested in their wages and "fringe benefits." In place of old age pension or insurance, our school supplies dances, assemblies, and other forms of entertainment.

Finally, the goal of the management is reached; another group of finished products is available for use by the community.

We sincerely hope that as you go through this educational process you will reap rewards as bountiful as the ones we have received — fond memories of a thrilling high school experience.

Dedication

We, the class of 1965, dedicate this book to a teacher who has faithfully served Schwenksville High School and its students for fifteen years. As a Junior High teacher, he helps a new group of students make the transition from elementary school to high school each year. In the high school he is best known for his interest in photography. He keeps on hand a pictorial record of all classes for later use. Through his planning and supervision as director of audio visual aids, he has provided a variety of teaching aids for use in the classroom. For his help as a teacher and as a friend, the class of 1965 dedicates **Lanconian-1965** to Charles R. Steitz, Jr.

BOARD OF DIRECTORS

ROBERT W. COPE
Supervising Principal

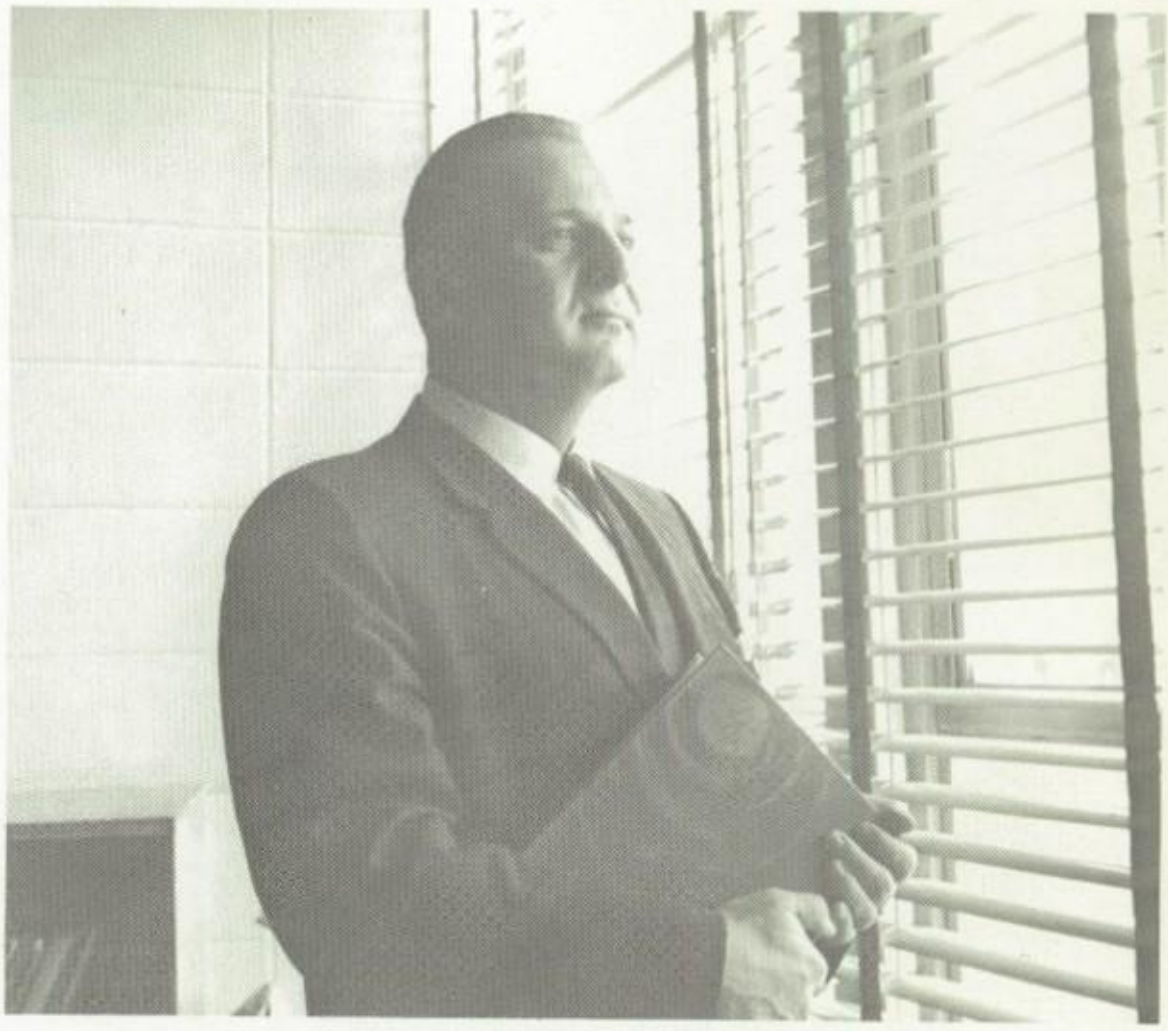
The Class of 1965 has one thing in common with our supervising principal, Mr. Robert W. Cope. We have both completed twelve years of hard work in the Schwenksville Union School District. Before coming here Mr. Cope was a teacher and guidance director at Kennett Consolidated School, Kennett Square, Pa., from 1940-1953. Mr. Cope studied at the University of Pennsylvania where he selected Latin as a major. After obtaining a B.A. degree, he continued his training until he received an M.S. degree in education. He has taken courses at Temple University, Pennsylvania State University, and West Chester State College and has completed his course-work for his Ed.D. degree.

His home is in Chetwin Farms, and there he enjoys the rewarding hobby, photography. He belongs to the Religious Society of Friends and attends the Schuylkill Meeting in Phoenixville. He has two daughters, Esther, a Phi Beta Kappa graduate of Wilson College now studying for a master's degree at the University of Wisconsin under a Woodrow Wilson Fellowship, and Anne, a sophomore at Wilson College.

We Enjoyed Capable Supervision

Kathryn Wismer, Executive Secretary; Ruth Hufnagle, Secretary; Ella Fry, Secretary.

THOMAS P. HENRY, JR.
High School Principal



One person who is often seen in the halls of Schwenksville High School is Mr. Thomas P. Henry, our high school principal. His career at the school began in 1946 when he taught social studies, P.O.D., and driver training. In 1954 he became high school principal.

Mr. Henry is a graduate of East Greenville High School, where he played football, basketball, and baseball. He studied at Ursinus College where he received a B.A. degree, and majored in political science. He also participated in football and baseball. Later he did graduate work at the University of Pennsylvania where he chose school administration as his major. As a result he has received an M.S. degree.

During World War II he served as an executive officer on a submarine chaser in the Atlantic and Pacific Oceans.

Not all of Mr. Henry's time is spent doing "school work." His free hours are spent with his family at their home in Red Hill. He has one son, Thomas Scott, a junior at Upper Perkiomen High School. He is a member of St. Paul's Church, also in Red Hill. For relaxation he participates in hunting, photography, tennis, and reading.

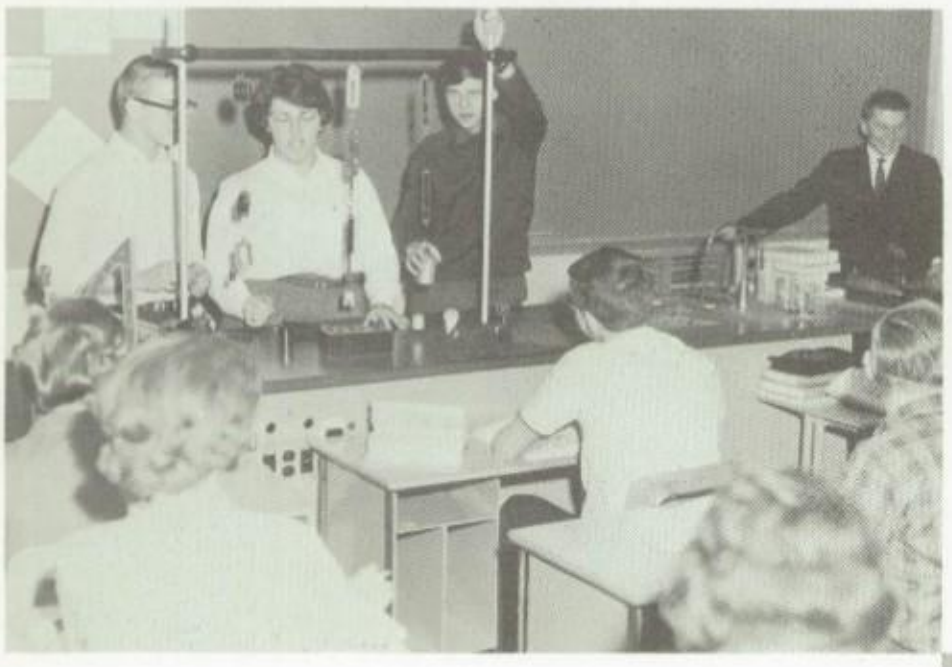
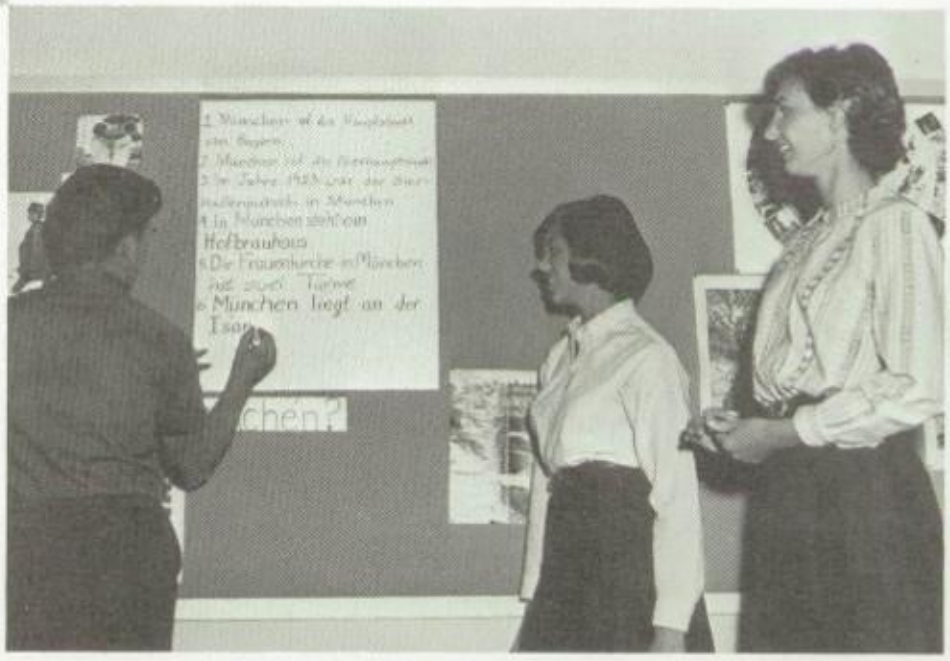
RESEARCH

ART — The aim of education is complete development of the individual so that he may live a richer, fuller life. Through art we can see the finer things of life, things that can't be put into words. Seeing beauty and passing it on to others is a great contribution to our culture.



SCIENCE — In the ever-broadening field of science, much is known and even much more is yet to be known. Our courses in biology, chemistry, and physics give students a sufficient background so that they can understand the world around them or lay groundwork for further development through higher education.

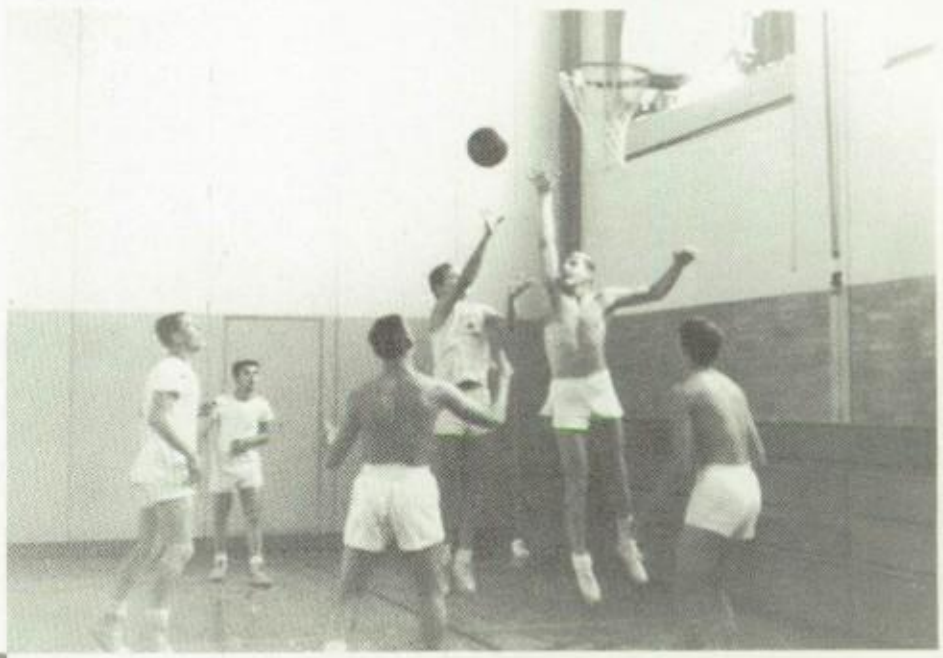
LANGUAGE — "Sprechen Sie Deutsch?" or "Latin dicas?" Either way, communication is soon flowing freely. Since Miss Byrnes and Mr. Romasco have both visited the countries involved, interesting sidelights and local color liven up the courses. With Mr. Romasco, Latin isn't a dead language.



SOCIAL STUDIES — The world has become a small community, and what's happening around the world is of the greatest importance to all of us. The social studies courses develop a basic understanding of world affairs so that we can become intelligent citizens and interpret what's going on around us.

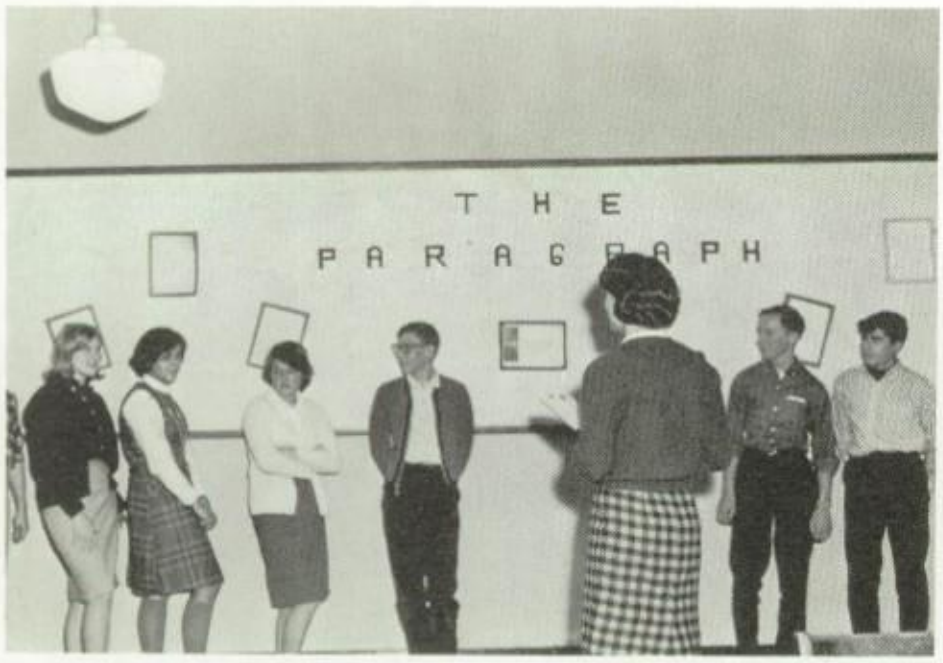
MATHEMATICS — Math is easy; teachers make it hard. But by June, Mr. Carfagno has discovered "what kids will invariably do," and the beauty and magic of numbers has been imparted to another group of deserving scholars. With the new "Modern Math" now being taught in the junior high school, advanced calculus may soon join geometry, algebra, and trigonometry on the curriculum.

PHYSICAL EDUCATION — Blood, sweat, and tears! What a way to keep in shape! Sometimes it's fun, like playing volleyball or basketball; sometimes it's work, like running laps or doing calisthenics. But the result is always the same — physical fitness.



INDUSTRIAL ARTS — "Doc's boys" learn to work with machines, wood, plastic, or metal — it's all putty in their hands. Whether it becomes a life-long vocation or a leisure-time hobby, the experience produces material gains as well as personal pride and confidence.

DRIVER TRAINING — A grind of gears, a cloud of dust, and the smell of burning rubber — it's time to buckle the old seat belt and learn the rules of the road. Every year Mr. Budnovitch changes a bunch of highway maniacs into civilized drivers. He not only prevents many accidents, but also saves frustrated parents quite a few gray hairs.



ENGLISH — In our English classes we learn the correct usage of the English language. We try to put this knowledge into practice in our theme writing and speaking. Through our courses in literature, we are taught to find fulfillment in the classics and modern literature. This appreciation of the great works of the past enables us to live a richer, fuller life.

MUSIC — Do you know about Bach or Beethoven? These are some of the composers we learn about in music. Besides learning the more technical aspects of music, we also find enjoyment in group singing.

HEALTH — Learning how to face and adjust to the many problems that will confront us in our lifetime is important. Personal adjustment is one of the many things discussed in health. Also included are a course in first aid and the basics of the human body.

TYPING — Speed and accuracy are the chief goals of typing students, whether they're college-bound or entering the business world.

SHORTHAND — "Would you please take a letter, Miss Smith?" The rapid taking and transcribing of shorthand is a must in order to become an efficient secretary.

GUIDANCE — Through the help of Mr. Weaver, our Guidance Counselor, we receive advice that helps us with college entrance, scholarships, job opportunities, and future plans.

HOME ECONOMICS — Most girls dream of being a housewife some day. Under the guidance of Mrs. Weaver, our future housewives are taught cooking, sewing, home management, personal grooming and other subjects which are basic for running a good home.

LIBRARY — Many new books have been added to the list already on the shelves. As each book is added, students have a better chance of really learning a subject. Also included in the library is a collection of pamphlets and records which the students can use.

A Promotion

At the start of this very progressive sophomore year we elected class officers, and then proceeded with the regular business of the Sophomore Class.

We expect to top last year's very profitable candy sale, which beat all previous sales records.

We then took orders for our S.H.S. class rings. We received our rings previous to our Christmas vacation.

The sophomore dance, "The Wonders of Noel," was a very successful excursion into entertainment.

All 96 members of the Sophomore Class would like to offer their best wishes to the graduating class of 1965.

The class of 1966 had a busy schedule this year as juniors. After the election of officers, we turned our attention to the normal duties of the Junior Class.

In February we held our Junior Assembly. It was a success and was enjoyed by all.

The month of March was quite busy. Our annual candy sale was held. We worked hard and were pleased with the results of our endeavor. Our dance, also held this month, was a complete success and added to our wonderful memories of S.H.S.

To complete the year, the Junior-Senior Prom was held in May. It was an exciting event which we will not easily forget.

They Competed Wholeheartedly

VARSITY CLUB: With Mr. Resetar as the instructor, the members of this club learned about new and better football formations, and the strategy behind plays. Preparing for Careers at Home and School

FUTURE HOMEMAKERS OF AMERICA: One of the newest clubs to be formed, the Future Homemakers of America Club, has a song and creed that serve as a means of unification with the other area chapter members. For Christmas these girls filled stockings with cookies and took them to a convalescent home, where Christmas carols were sung.

Mr. Budnovitch attempted to teach the duffers the do's and don'ts for the tee, fairway, and green in order that they could proceed more quickly to the cup. Lifelong enjoyment of this sport awaits the members of the club.

Tee Off to the Pros!

SENIOR HIGH GOLF CLUB: Golf is steadily increasing in popularity. With this in mind, Mr. Mikolaitis conducted a club dealing only with this sport. The members endeavored to improve their golf scores through practice. They also learned courtesy on the fairways and greens.

MODEL BUILDERS CLUB: Have you ever glued an airplane together with disastrous results, or watched an afternoon's work dissolve into a sticky mess? If so, the Model Builders Club is the place for you. Members spent many enjoyable hours cutting, pasting, gluing, and sticking. Anyone with a creative spirit would enjoy this club.

A Good Beginning Insures Success

SPORTS APPRECIATION CLUB: Many people do not enjoy a sport simply because they don't understand the game. To help students appreciate sports by teaching them about the games is the purpose of this club, according to Mr. Stein, faculty advisor.

SENIOR HIGH PHOTOGRAPHY CLUB: Under Mr. Steitz's supervision, students learned to work with the visual aid equipment and to develop, take, and enlarge pictures. The students used their knowledge of the equipment in assemblies and in the classroom. As an interesting sideline, an annual trip was taken.

A Picture Is Worth a Thousand Words

DISPLAY CLUB: Working together with the Pep Club, the Display Club set up displays and bulletin boards throughout the school. Their work has done much to improve school spirit and increase the pleasure of the Junior and Senior High School. At the end of the school year, an annual outdoor picnic was held at Mrs. Shaffer's home with fun for all.

SENIOR HIGH DRAMATICS CLUB: Under the leadership of Mrs. Girdwood, the Dramatics Club learned all the fundamentals of dramatics — costume, make-up, expression, projection, and many other essentials. During the school year plays were put on for the enjoyment of both the student body and their parents.

JUNIOR HIGH PHOTOGRAPHY CLUB: This group of junior high students, under the direction of Mr. Steitz, was taught the proper use of visual aid equipment and photography techniques. They were given opportunities to use different apparatus and techniques as they were taught. These young students will inherit the responsibilities now carried by the Senior High Photography Club.

They Covered School Events

NEWSPAPER CLUB: Always on the spot, the Newspaper Club published the school paper, **Dateline SHS,** for the benefit of the student body. Under the direction of Mrs. Souchock, these students devoted much time and effort to produce a publication that kept us well informed on members of our school, school activities and events, and matters of concern to all.

They Reviewed the School Year

YEARBOOK EDITORS: The four yearbook editors spent many hours of fun and hard work compiling a record of important events of the school year 1964-65. They had many varied tasks to perform, such as proofreading, providing headlines, arranging a suitable lay-out, and taking and developing pictures. With the help of their staff, the girls were able to cover the year's activities accurately and thoroughly.

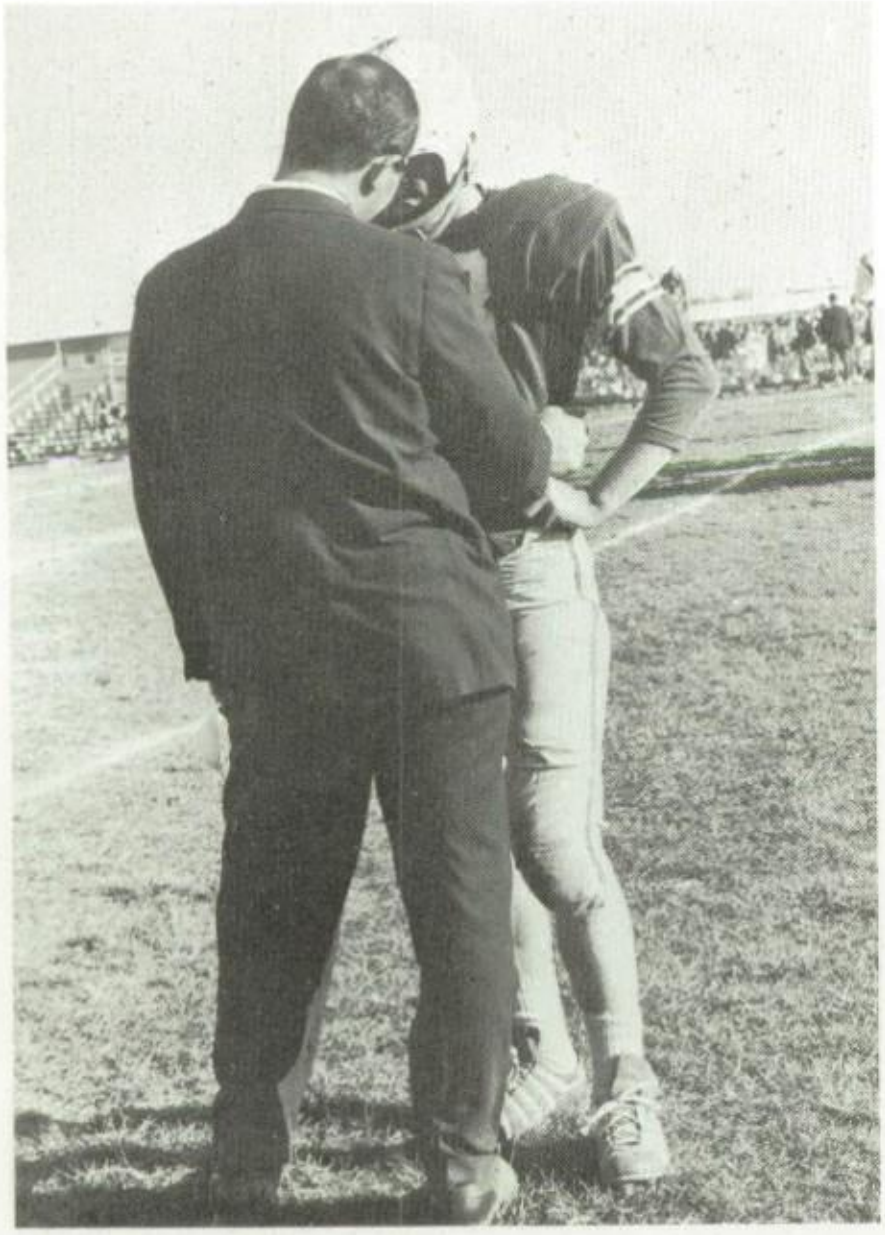
Determination



Coach Resetar gives last-minute advice to quarterback, Dave Loughery.

The Schwenksville High footballers entered into a competitive Inter-County League this year looking like the "before" of a Charles Atlas muscle-building advertisement when matched against their more powerful league foes. Yet the boys, displaying some great spirit in the face of overwhelming odds, came up with a number of key wins and ties which plunked them into 9th place in the eleven-team I.C. League. Again this year the star-studded backfield, led by Dave Loughery at quarterback, Den Creter and Rick Clark at halfbacks, and Roger Keeley at fullback, were hindered by a weight-problem in the front line positions, a problem which proved disastrous against some of the bigger clubs (Pottsgrove, Daniel Boone, Upper Dublin, and Lower Moreland). The outlook for S.H.S.'s gridders next year is grim; the all-senior backfield and a number of the heavier senior linemen will be lost through graduation, and a fresh group of boys will have to be groomed for next year's competition in a revamped I.C. League.

The Ladybirds

The Varsity hockey team, coached by Mrs. Diane Higginson, had a fairly successful year. Their record (2-3-2) was good, considering the fact that they lost most of last year's players. The scoring was led by Karen Stober, who scored five goals. The final victory over Upper Dublin, the league champion, was proof that the girls had a well-drilled, hard-fighting team.

Practice Makes Perfect

The Junior High Varsity licked the perennial problem of height by using Denny Weidemoyer, and came up with two wins, both against Bridgeport Junior High. What's more, the young Bluebirds could have come out of league competition with a 4 and 2 slate if it had not been for two heartbreaking losses to Collegeville-Trappe, 47-45 and 37-36. The boys played well, and with a little more court experience, may well lead S.H.S to league victory in future years. Chas. Weygand led the team in scoring with 62 points (12.1 average per game).

The boys displayed great spirit and should prove proud court representatives in the future. Barry Trieval led the young birds in scoring with 29 points.

The big question to be answered this year is "What happened?" A potentially powerful varsity squad led by Wayne Geisinger at center, Den Creter and Larry Levan at guards, and Paul Sautter and Bobby Clark at the forward slots excited fans into hopes of an unprecedented I.C. League crown. But the hopes of the fans went down with the team as it dropped all five of its preseason, non-league games and 10 league games to end up with a 2-15 record and a disappointing last place finish in I.C. League competition. Both players and fans thought they could win and possibly take the I.C. crown from defending champion Upper Dublin, but thinking and doing are two different matters.

Captain Dennis Creter awaits the opening whistle.

Inconsistent rebounding and lukewarm shooting proved hazardous to Mr. Stein's jayvee forces this year. Like their varsity counterparts, the boys had plenty of potential and spirit but failed to come up with that extra drive in a number of tight I.C. contests that would have placed them on top in the league standings. The jayvees ended I.C. competition with a 2-15 record, and with some improvement should prove helpful as the members of next year's varsity squad.

The Ball Game

Optimistic? Yes, Mr. Budnovitch and the S.H.S. baseballers are optimistic. Back from a 7 win, 5 loss record and a 2nd place standing last year, the diamond dynamoes of S.H.S. will be looking forward to another brilliant season and a shot at the I.C. league title. Returning are John Wojcik and Den Creter and myriad numbers of hopefuls with limited diamond experience. If S.H.S.'s crown hopes are shattered this year, our inexperienced pitching will probably be responsible. Mound ace Bobby Huber, who took on most of the hurling chores last year graduated, and it will be up to Mr. Budnovitch to groom a fresh band of pitchers who will be able to hold their own against the tough I.C. league shuggers.

S.H.S.'s First Masquerade

For the first time in many years, a masquerade dance was held at S.H.S. The senior class dance, entitled "Bewitched," portrayed the Halloween theme. The gym was decorated in orange, black, and brown crepe paper. Cornstalks, ghosts, witches, pumpkins, coffins, and tombstones added to the eerie atmosphere. Prizes, given to people with the best costumes, were awarded to Paul Sautter, most original boy; Linda Gaugler #2, funniest girl; Mary Hammond, most unusual girl; Jeri Swartley, most original girl; John Johnson, funniest boy; Tom Albright, most unusual boy; Judy Maute and Dane Fisher, most original couple; and Rose Kline and Denny Leavengood, funniest couple.

This year's Homecoming Dance was reigned over by a beautiful queen, her four lovely attendants, and their escorts. The queen and her court sat enthroned amidst a haze of blue and white crepe paper with miniature palm trees all around. The evening's gaiety brought an end to a special day for all.

Holiday Festivities

Decorations for the Christmas season helped create a joyful atmosphere in our school before vacation. The Sophomore Class joined in the festivities by presenting the 1964 Christmas dance. "The Wonders of Noel." A warm living room scene and a spirited outdoor scene decorated the gym which was given a soft, romantic touch by the addition of blue lighting. True to tradition, Santa Claus, portrayed by Mr. Eurich, made his appearance and distributed candy canes to deserving fellows and girls. Those lucky couples hitting the correct spots received popular records as their prizes in the two spot dances. Refreshments were plentiful, and everyone agreed that "The Wonders of Noel" helped convey the Christmas spirit.

The World Go 'Round

One of the most beautiful dances of 1965 was "Pink Daly Rue," presented by the Pep Club.

The gymnasium was decorated with a royal blue canopy and pink and white crepe paper to complement the blue. A large angel hair heart was placed at one end of the gymnasium. White lawn furniture and a lovely flower cart also decorated the area.

The highlight of the evening was the crowning of Rick Clark and Pat Humphires as King and Queen of Hearts. Attending the King and Queen were Bonnie Morgan, Bob Mellor, Sue Riggleman and Den Creter.

Jean Brininger, Queen of 1963, crowned Linda Huels, the reigning monarch, for May, 1964.

Last year's May Day exercises opened with our lovely queen, Miss Linda Huels, being crowned as our Queen of the May for 1964. She was preceded to her throne by twelve lovely attendants — two from each grade.

Her throne was decorated in the colors of the rainbow with the attendants wearing matching colors.

The track and field events for the day opened with a bang. Both boys and girls put forth their all to put their class in the lead.

Running, jumping and throwing events for both boys and girls comprised these athletic events. The winners of the events were awarded ribbons by the May Queen for their fine performances in the day's activities. At the end of the day the Seniors were the Senior High winners with 69 points, followed by the Juniors with 60 and the Sophomores with 31. In Junior High competition the Freshmen won with 78 points, the 8th grade followed with 75 and the 7th grade with 9.

The Best of Broadway

Talent is plentiful in our school. As a matter of fact, we have enough to necessitate two talent assembly programs.

The first assembly, sponsored by the Student Council, was held on March 8. Jim O'Connor opened the program with a comical monologue followed by a sophomore version of Shindig. The audience was able to see a "different" view of a baseball game through Betty Martinez's oral reading. After a comedy skit about "Berry's Bakery," the assembly concluded with a clarinet solo by Tommy Snyder.

The second part of the talent assembly was held three days later. Four seniors with the name of "Mersey Four" performed a pantomime to open the show. Mary Martinez then gave an oral reading followed by Phil Nester on the drums. The highlight of the assembly was the music by the Wagner brothers. The program ended with the senior class singing popular folk songs.

The most elaborate and important of our class's social activities was, of course, the Junior-Senior Prom. "Tout á Coup Paris" was, as the name suggests, based on Parisian decor. A twelve piece dance band, the Statesmen, entertained us as we glided around the floor. Between the two sidewalk cafés was the garden in which the queen, Sandi Greeby, was crowned by the Junior class president, David Loughery. Sandi reigned over the evening's festivities until its end at 11:30. The fruit of our labor was a night we will long remember.

And the band played on!

". . . Music Wherever They Go"

The Mixed Chorus, under the direction of Mrs. Frances Snyder, has become quite popular during its three-year existence and has recently replaced the girls' Glee Club. Hard practices twice a week resulted in fine performances in the P.T.A. Christmas Musicale, the Christmas assembly, and the commencement exercises.

Sing along — with Mrs. Snyder!

Protectors of Safety

Safety first, last, and always. This should be everyone's motto. However, in order to protect those who do not follow this rule, the Safety Patrol was set up. Members help direct traffic as the buses enter and leave the school grounds in the morning. Other members ride the buses with the elementary school students to maintain order and safety. Their service is invaluable to the school, for we have not had a serious highway accident involving one of our pupils for many years.

Mr. Budnovitch, faculty advisor of the Safety Patrol, reviews assignments with Captain Ed Roman.

AT TABLE: Bob Clark, Linda Gaugler #1, Mr. Weaver, Paul Sautter, Dave Loughery. **FIRST ROW:** Carl Cook, Larry Mohn, John Yerger, Dennis Mohn, Jim Weaver, Den Creter, Gene Yerger. **SECOND ROW:** Bob Heacock, Ann Buhman, Ruth Sullivan, Donna Sautter, Carol Springer, Debbie Robinson, Sue Ott, Freddi Reifsneider.

We Fostered Democratic Ideal

No Dirksens, Clarks, or Schweikers, but plenty of hard-working students make up the Student Council. The many functions of the Council add greatly to the school's activity. When not sponsoring tag days and dances or selling sweat shirts, the members are kept busy helping to improve conditions in the school. The Council also sets up the rules and regulations concerning various elections, dances, and other social affairs. The proper functioning of the school is dependent on the good functioning of the Student Council.

STUDENT COUNCIL OFFICERS: Bob Clark, vice-president; Linda Gaugler #1, secretary; Mr. Weaver, faculty advisor; Paul Sautter, president; David Loughery, treasurer.

FIRST ROW: Linda Tallman, Nancy Beltz, Carol Schumacher, Jean Mohn, Bruce Wagner, Charles Tallman, Linda Bauman, Diane Kirkner, Freddi Reifsneider, Nancy Smith. **SECOND ROW:** Louise Gaugler, Joan Hunsberger, Paul Sautter, Jay Smith, Linda Gaugler #1, Linda Gaugler #2, Ruth Sullivan, Bob Clark, Dave Loughery, Carl Cook, Brenda Moser.

and Won Recognition as Scholars

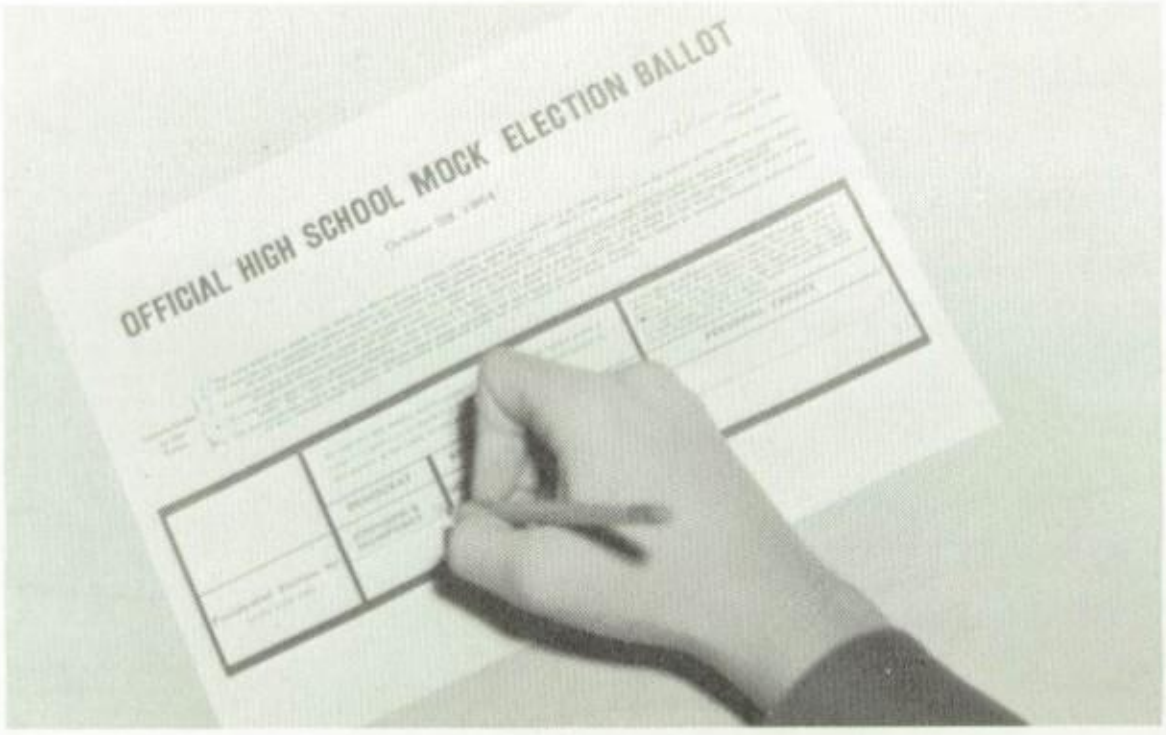
Chosen for character, leadership, scholarship, and service. National Honor Society members are proud of their recognition. In March the organization inducted ten new members, bringing this year's membership to twenty-one.

In service to the school, the Honor Society operated a refreshment stand at athletic events and offered a tutoring service.

Even though the members of the group spent many free periods studying and tutoring, they still found time to conduct their own ping-pong tournament.

toring, they still found time to conduct their own ping-pong tournament.

NATIONAL HONOR SOCIETY OFFICERS: Ruth Sullivan, secretary; Joan Hunsberger, vice-president; Louise Gaugler, treasurer; Linda Gaugler #1, president.

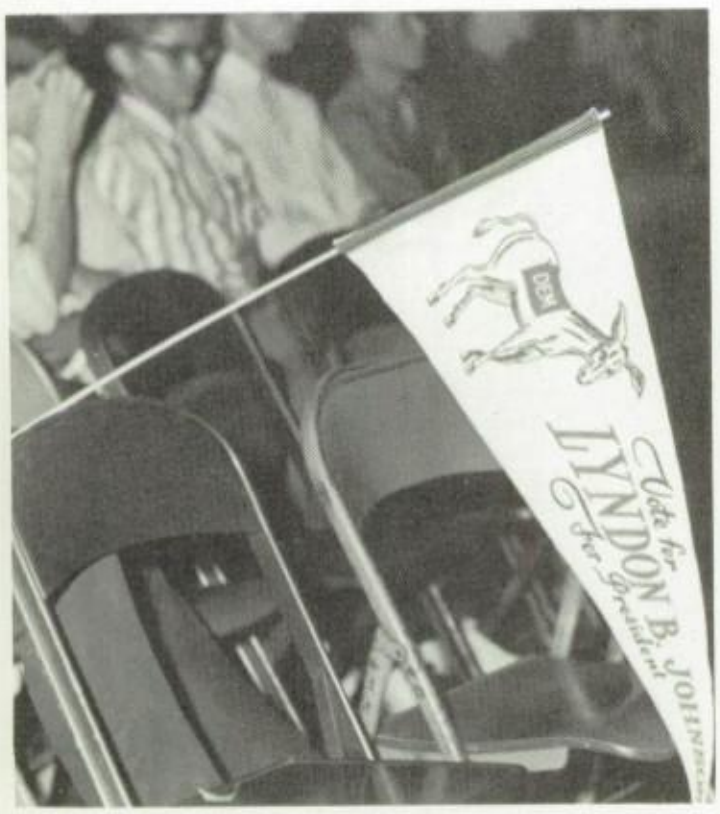


A good turn-out at the polls kept the officials busy.

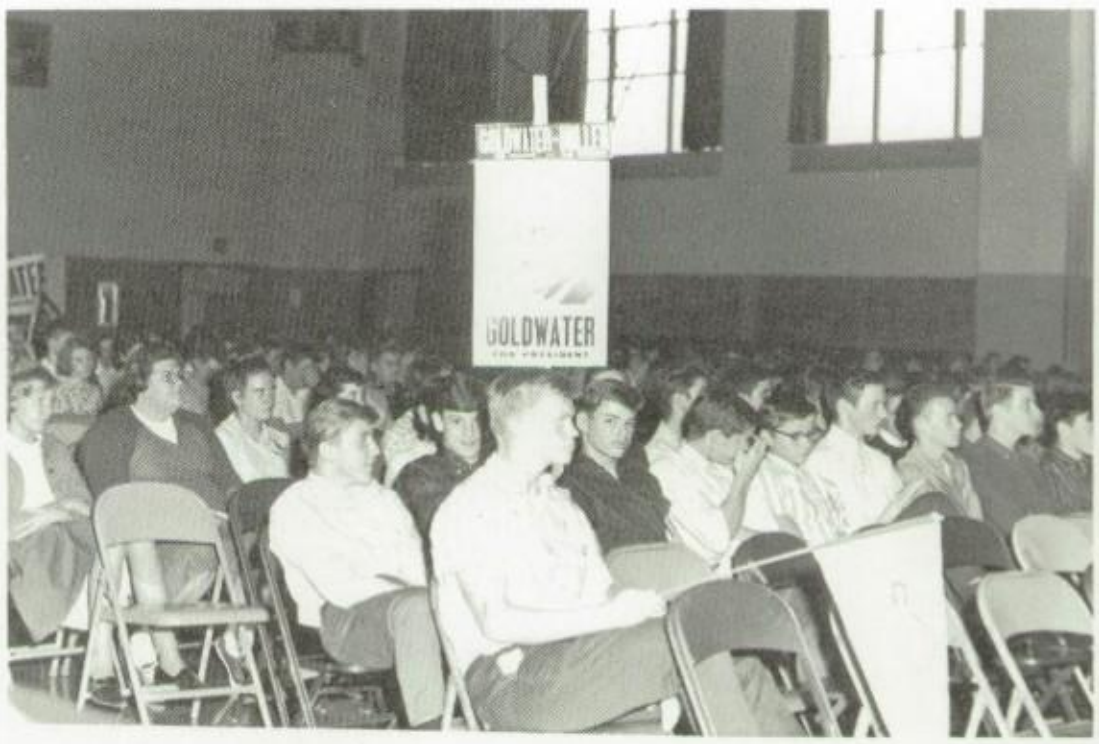
A Hot Political Campaign — A Victory for Johnson

This year, for the first time, S.H.S. held a mock political election. Campaigns were promoted, registration was a necessity, conventions were held, and finally the vote was counted. There were two very surprising aspects of this event. One was the number of students who registered, even though this registration had to be done before school. The other was the fact that the students did most of the work themselves.

The election was under the direction of Mr. Thomas Keenan. The Democratic party chairman was Joan Hunsberger and the speaker was Janice Martinez. The Republican party, spoken for by Paul Sautter, was led by Charles Tallman, and the student co-ordinator was Marge McKeon.



A silent reminder of the presidential race.



The final rally was regarded with a mixture of emotions.

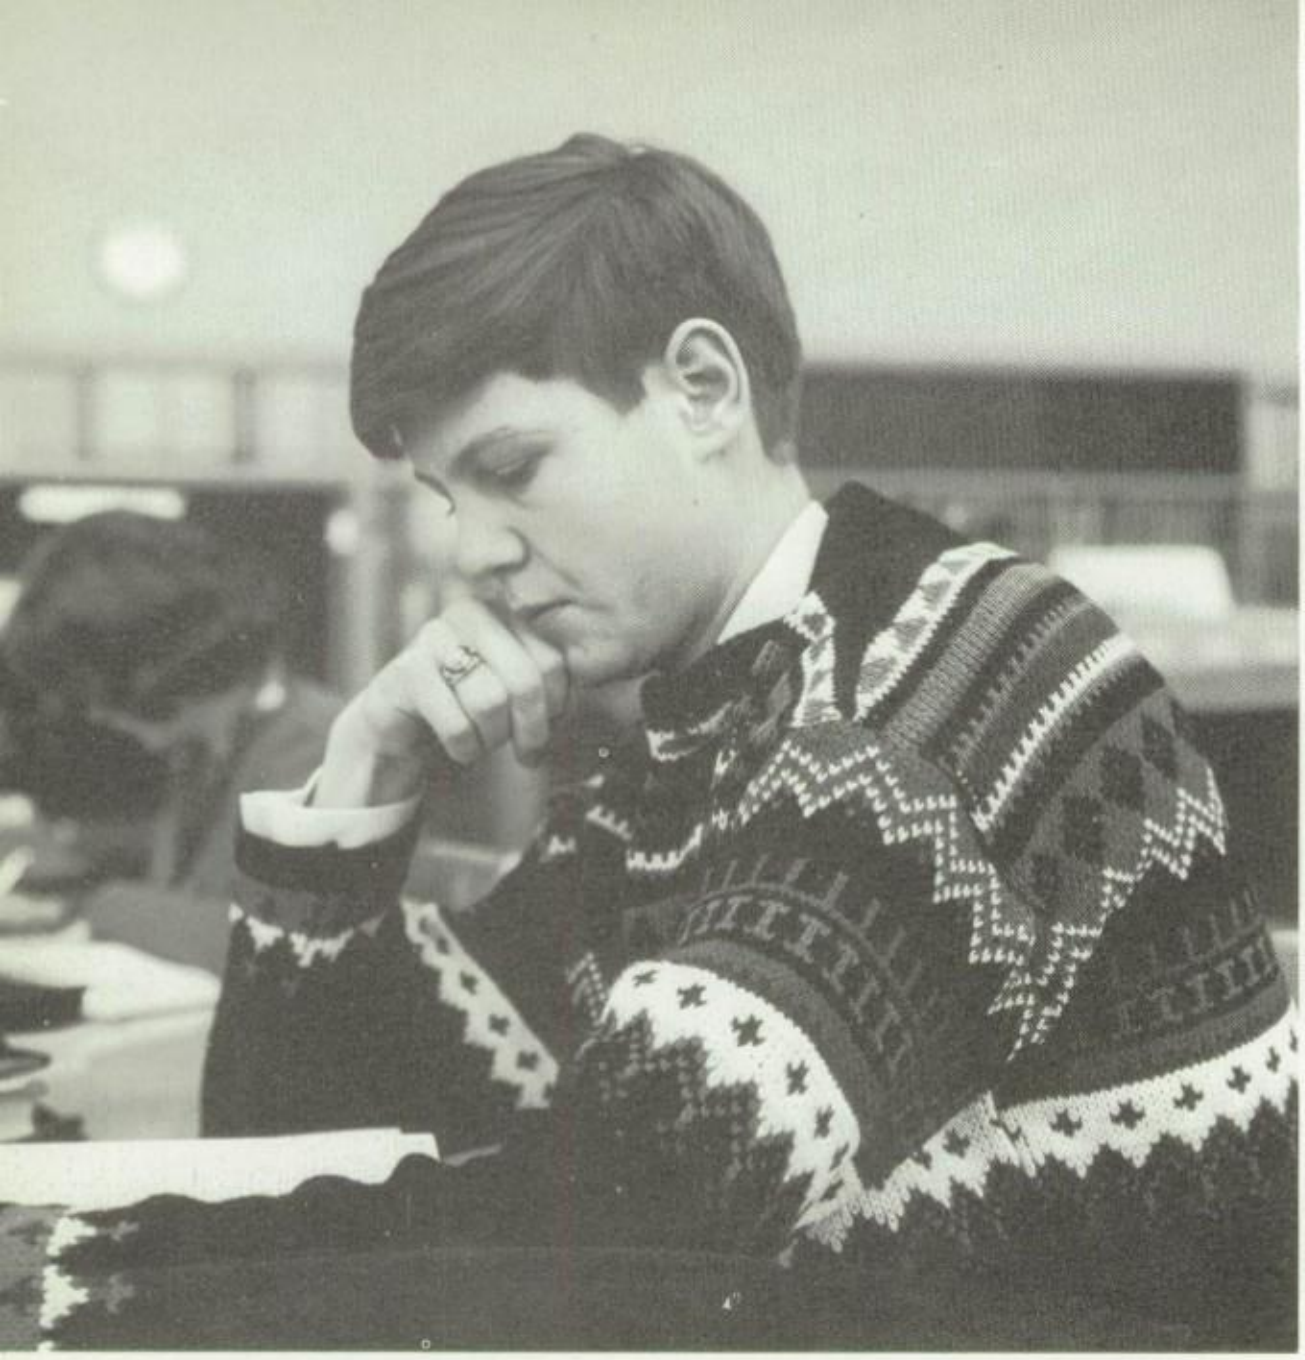
In Ourselves Our Future Lies

SENIOR CLASS OFFICERS: David Loughery, president; Susan Stone, treasurer; Barbara Albright, secretary; Dennis Creter, vice-president.



Volker concentrates on his history book in the library.

This year, for the first time, Schwenksville High School was host to a foreign exchange student. Through the International Placement Service, our school was able to obtain Volker Klingenberg, from Hannover, Germany. His visit was sponsored by the Student Council, and paid for by various Council activities. During this past school year and part of last summer, Volker resided at the home of Dr. Herbert Barron of Graterford. We hope he has enjoyed his stay in the United States, for we enjoyed having him with us.

Late again!

Who are these clean cut young men and women? They are the members of the Class of 1965 who observed dress-up day while the Class of 1964 was in Washington.

Sue Riggleman, Dave Loughery, and Brenda Moser decorate a tree for our sophomore Christmas dance.

Decorating for dances is easy when everyone (?) is busy.

ABOVE: Dancehall "girls" were the hit of our junior assembly. **BELOW:** Burglar Bob Patterson is threatened by Barbara Albright in a sophomore play "Nobody Sleeps."

Four Years Together through Dances and Drama . . .

The formation of a corporation always requires money, and the first thing we did as a class in our sophomore year was to raise money by selling candy. After a successful candy sales campaign we selected our class officers. Dave Loughery was chosen as president; Paul Sautter, vice-president; Jaimee Musselman, secretary; Brenda Moser, treasurer. Next we faced the problem of our first dance, "Yuletide Ecstasy." In the spring, as a means of improving school spirit, the class cleaned up the front of the school and planted two flower beds to beautify the school a little more.

The summer passed quickly, and the next thing we knew we were juniors. We realized that this was to be a busy year for us. We began by electing our officers. They were Dave Loughery, president; John Wojcik, vice-president; Barbara Albright, secretary; Joan Hunsberger, treasurer. We presented a fall dance entitled "In the Still of the Night," which was a big success. For our junior assembly we performed with a western flavor, producing "Have Juniors, Will Travel." We helped the Easter bunny by means of a profitable Easter candy sale.

Enthusiastic members of the senior class actively supported our Bluebirds on Homecoming Day.

We accept our respon

cation from President Tom Millington of the Class of 1964.

"Those teachers are all alike!" A bull session before the opening of school.

And Graduation

Class history continued:

Finally that long awaited day came. All the months of preparation dwindled down to just one day, P-Day. Our prom "Tout á Coup Paris" developed into the biggest and best prom ever held at S.H.S. The Statesmen provided the music, and as we danced that night we felt quite proud of ourselves.

Finally, that magic word was our title, Seniors. For the third year we chose Dave Loughery to lead our class. Den Creter was elected vice-president; Barbara Albright, secretary; and Sue stone, treasurer. Our first activity of the magic year was that of presenting S.H.S.'s first masquerade dance. "Bewitched" proved to be one of our enjoyable experiences. Then came the task of selling Christmas cards. The class proved to be quite a corporation by producing the most profitable campaign in many years at S.H.S. The class again showed its school spirit as we presented a Hootenanny in the Talent Assembly. Finally that long awaited trip came. Washington, D.C., has never been the same since April 30, 1965.

At last, Graduation Day came. It was a solemn, but proud, occasion. As each member of the class looks back on our triumphs and failures, we can truly say the road we have traveled has had its rough spots, but the journey has been well worth it. The Class of 1965 is finished, but the memories will still linger on.
